

POST TREATMENT INSTRUCTIONS BOTOX, DYSPORT, DAXXIFY AND JEUVEAU

WHAT RESULTS SHOULD I EXPECT?

- Botox, Dysport, Daxxify and Jeuveau reduce muscle contraction in the injected areas.
- You can expect to see a reduction in facial movement in the treated area (ex: reduced ability to scowl, raise eyebrows, less lines or crow's feet around the eyes when smiling).
- The lines and wrinkles that are present with your face at rest may be softer but will likely be present.
- Over time, with repeated injections, you may experience softer resting lines.
- It can take approximately seven to ten days for results to be seen. If the desired result is not seen after two weeks, you may need additional Botox/Jeuveau/Daxxify/Dysport.

HOW CAN I LESSEN THE CHANCE OF SIDE EFFECTS?

- Possible side effects can include: asymmetry/drooping; pain, swelling, or bruising at the injection site; bleeding at the injection site, heache, and infection.
- Avoid massaging or manipulating the treated areas for the rest of the day.
- Do not lie down for at least four hours following your Botox/Dysport/Jeuveau treatment.
- Avoid activities involving straining, heavy lifting or vigorous exercise for at least four hours.
- Avoid wearing tight hats or headbands for the rest of the day if the forehead was treated.

WILL I BE CHARGED FOR ADDITIONAL INJECTIONS FOR TOUCH-UPS?

- Yes, we do typically charge for touch-ups. We charge based on the volume of product used, and some patients may need more injections to get the best result.
- We would rather you come in for a touch-up than have too much product injected at the initial visit. We can always add, but we cannot take back what has already been injected.
- If you are unsure about your result, send us a photo through our secure messaging portal, Klara, and we will let you know if you should come back for a touch-up. If no additional injections are needed, there is no charge.

WHAT IF I HAVE AN ISSUE AFTER TREATMENT?

- If you have any questions or concerns following treatment: please call our office at 205.877.9773 or message us on Klara with photos and a description of your concern.
- If you have an urgent issue after hours: call the office and choose the option to leave an "after hours" message. Within two hours, you should expect to receive a call back from one of our staff members.
- If you have a medical emergency: call 911 or go to the nearest Emergency Department.
